30	<b>Flower Pick up 11am-1pm</b> Shaving Cream Writing Community Helpers!		

### Home to School Connection:

**Learning Focus:** We will spend the month investigating and exploring Earth. We will spend time on the different habitats and environments found around us. We will continue learning to trace and write on our own.

**How You Can Help:** Pointing our letters in our surroundings will help to make identification practice easy! On street signs, menus, and at the grocery store..letters are everywhere!

**In the Know:** Please continue to bring in a labeled snack and water bottle every day. Conference sign up will be out this month as well. I look forward to meeting with you!
