## Home to School Connection

 **FLOWER SALE PICK UP TUESDAY, April 30 from 11am-1pm** 

Learning Focus: This month, our learning tables are sponsored by the numbers 18 - 21 and the letters Oo, Gg, Qq,Ss.

How You Can Help: **Save** those plastic Easter eggs! They are a fun tool to use to help learn letters and numbers. Stuff the eggs with letters (foam, magnetic or just a letter written on a Post-it) and hide them around the house. After all the eggs are found match them to an alphabet worksheet or sing the alphabet song and put them in alphabetical order. You can do the same with numbers and then put the numerals in numeric order.
